#### Areas of Improvement

Actions to make processes with a positive impact on society

Aligned with EDP's strategic ESG goals and leading market trends...

With our vast network of partners, we believe we can create points of change in the supply chain.

EDPARTNERS JOURNEY

Procurement

Audit team and supplier

Audit team follows the improving plan

### Selection

by applying criteria of risk and importance to EDP's operations

### Scheduling

through the GoSupply platform are proposed for assessment by the audit team

### On going

directly on the GoSupply platform it is possible to follow the audit and check the questions and evidence collected

### Monitoring

the action plan defined by EDP is followed up by submitting evidence on the GoSupply platform that allows the non-conformity to be closed

### Conclusion

after closure of the non-conformities identified by EDP
