

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 1

Highway 41 • Looking West • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #1
 - Other Visual Representation Locations
 - Orientation of Representation #1
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 2

Highway 886 • Looking East • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #2
 - Other Visual Representation Locations
 - Orientation of Representation #2
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS LOCATION 3

New Brigden • Looking South East • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #3.2
 - Other Visual Representation Locations
 - Orientation of Representation #3.2
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 3

New Brigden • Looking South West • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #3.2
 - Other Visual Representation Locations
 - Orientation of Representation #3.2
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 4

TWP Road 320 • Looking North West • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #4
 - Other Visual Representation Locations
 - Orientation of Representation #4
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 5

Sedalia • Looking North East • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #5.2
 - Other Visual Representation Locations
 - Orientation of Representation #5.2
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 5

Sedalia • Looking North West • All visual simulations are based on the 93 turbine locations.

BEFORE

AFTER

Legend

- Proposed Turbine Locations
- Current Project Boundary
- Visual Representation Location #5.1
- Other Visual Representation Locations
- Orientation of Representation #5.1
- Participating House
- Non-Participating House
- Numbered Highways
- Municipal Roads
- Hydrography
- Class 3 - 5 Waterbodies
- Transmission Line Voltage**
- Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 6

Range Road 42 • Looking West • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #6
 - Other Visual Representation Locations
 - Orientation of Representation #6
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 7

HWY 41 • Looking West • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - Current Project Boundary
 - Visual Representation Location #5.1
 - Other Visual Representation Locations
 - Orientation of Representation #5.1
 - Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)

OPTION A: VESTAS V136 VISUAL SIMULATIONS

LOCATION 9

HWY 886 & TWP RD 310 • Looking North East • All visual simulations are based on the 93 turbine locations.

- Legend**
- Proposed Turbine Locations
 - ▭ Current Project Boundary
 - Visual Representation Location #9
 - ⊙ Other Visual Representation Locations
 - Orientation of Representation #9
 - ★ Participating House
 - Non-Participating House
 - Numbered Highways
 - Municipal Roads
 - Hydrography
 - ▨ Class 3 - 5 Waterbodies
 - Transmission Line Voltage**
 - Existing 240kV (Single Circuit)
