

# NATION RISE WIND FARM PROJECT UPDATE NOTICE

The Nation Rise Wind Farm (the "Project") is a proposed wind farm of approximately 100 MW that is located on private and public lands in the United Counties of Stormont, Dundas and Glengarry in the Township of North Stormont, Ontario. The Project received a Renewable Energy Approval (REA) from the Ministry of Environment, Conservation and Parks (MECP, formerly the Ontario Ministry of Environment and Climate Change) on May 4, 2018. This project update notice is provided to local residents as significant project milestones have been reached.

## **Commencement of Construction**

Construction activities for the Project will start in May 2019. These activities may include, but not limited to, site preparation, site clearing and site grading. Turbine foundations and associated access road installation will occur upon fulfilment of Condition R1 of the Renewable Energy Approval (#0871-AV3TFM).

## **REA Appeal Dismissed at the Environmental Review Tribunal (ERT)**

On January 4, 2019, the Environmental Review Tribunal (ERT) dismissed the appeal of the Project REA (Case no. 18-028). The full decision can be reviewed online by researching for case no. 18-028 at the following link: <https://elto.gov.on.ca/tribunals/ert/decisions-orders/>.

## **Contact Information**
