Decision of the Secretary of State for Energy

As a result of a notification from the DGEG to EDP on 27 September 2018, the following text is to be added in the subsection "Recent Developments" of the "EDP and the EDP Group" section on page 145 of the Base Prospectus, after the paragraph headed "CTG Offers":

"Decision of the Secretary of State for Energy on alleged CMEC overcompensation

On 27 September 2018, EDP informed the market that it was notified by the DGEG of the Secretary of State for Energy's decision, issued on 29 August 2018, regarding alleged overcompensation payments made to EDP in relation to the calculation of the real availability factor of power plants under the CMEC regime. The Secretary of State for Energy stated such alleged overcompensation payments totaled €285 million and that a further €72.9 million overcompensation claim for power plants operating on the ancillary services market was under analysis. EDP considers the decision to be unfounded and intends to take the necessary measures to protect its rights and interests, including all legal means available"
